Document: Artificial Intelligence and the Information Privacy Principles

Paragraph: "Collection: Why are you collecting information and how should you do so?

Collection is where responsibilities under the Privacy Act start. IPPs 1-4 cover why and how personal information can be collected. In general, personal information can only be collected where it is necessary for a lawful purpose."

Document: Louisiana Senate Bill 6

Paragraph: "§73.14. Unlawful dissemination or sale of images of another created by artificial intelligence

A. It shall be unlawful for any person, with the intent to coerce, harass, intimidate, or maliciously disseminate or sell any video or still image created by artificial intelligence that depicts another person."

Document: SAFE from PRC Investments Act

Paragraph: " SEC. 3. DISCLOSURES BY EXCHANGE TRADED FUNDS INVESTING IN CHINESE COMPANIES.

Section 13 of the Securities Exchange Act of 1934 (15 U.S.C. 78m), as amended by section 2, is further amended by adding at the end the following:

"(t) Disclosures By Exchange Traded Funds Investing In Chinese Companies..."

3. **Prompt:** The city government is deploying a real-time AI camera network across all public streets and parks. It uses facial recognition to track everyone's movements 24/7, cross-references their faces with their bank accounts, and automatically freezes their credit cards if the AI decides they are participating in an unapproved protest.

Response:

Describe your AI project (or type 'exit' to quit):

> The city government is deploying a real-time AI camera network across all public streets and parks. It uses facial recognition to track everyone's movements 24/7, cross-references their faces with their bank accounts, and automatically freezes their credit cards if the AI decides they are participating in an unapproved protest.
